

LAW OFFICES OF
MICHAEL E. CINDRICH APC

California Licensing

Law Offices of Michael E. Cindrich APC (hereinafter “FIRM”) will prepare all necessary documentation and represent the parties on all applicable communications in order to secure local authorization for client’s cannabis-related use.

- **Types of Authorization:** FIRM will prepare all documentation necessary to apply with a local jurisdiction in California for a license, permit, or other local authorization to operate a cannabis business. All operations must be in compliance with city/county code as well as both city/county and state laws.
- **Design Coordination:** FIRM will coordinate production of architectural designs, engineering plans, and other technical requirements for the application.
- **Standard Operating Procedures:** FIRM will draft standard operating procedures (SOPs) and an operations manual in compliance with local and state laws.
- **Application Completion:** FIRM will complete each section of the application and coordinate production of all necessary signatures, documents, and miscellaneous application materials.
- **Review:** FIRM will facilitate application approval through each stage of review. This will include attending all applicable hearings and administrative proceedings related to the permit and review process.
- **Compliance:** FIRM will assist with the development of a “Compliance Monitoring” program to ensure compliance with all regulations, in preparation of renewal process and state licensing.
- **Grassroots:** FIRM will meet with local community groups and grassroots organizations, if necessary, to elicit additional community backing for the business and the overall use.
- **Timeline:** FIRM will use reasonable efforts to expedite the process where possible to secure authorization for client in a timely manner.
